

Stephen Miles

Senior Consultant

Australia

Stephen is a seasoned professional with over 30 years of experience in various industries, including Aviation, Emergency Services, Heavy Haul Rail, Transport & Logistics, and Manufacturing. He is a Senior Consultant with HSE Global, bringing a wealth of knowledge and expertise to every engagement.

Throughout his career, Stephen has owned and operated four successful businesses, worked with State and Federal Government agencies, and held leadership positions in large corporations and the private sector. He has a deep understanding of operations, safety, human resources, strategy, and business performance, which he leverages to deliver efficient and effective solutions that create sustainable value for organisations.

Stephen is known for his hands-on, compassionate, and engaging leadership style. He has led transformational safety and cultural change programs in high-risk environments, coaching and mentoring executives and line leaders to develop operational safety strategies, build team capability, and exhibit credible safety leadership.

With a Bachelor's degree in Business (Logistics & Supply Chain Management), certifications in high-risk work, and training in Agile change management, coaching, transformational leadership, negotiation, Neuroscience, Mindfulness, and mental health first aid (MHFA), Stephen is well-equipped to help organisations achieve their goals. He is an engaging communicator, known for his ability to quickly connect with all stakeholders and transfer knowledge, harnessing the organisation's human potential.
