

Bassem Kabbara

Head of HSE Consulting

Bassem Kabbara is Head of HSE Consulting and is a highly experienced HSE professional with over 15 years of solid experience managing HSE, developing and implementing HSE systems and strategy and overseeing compliance in a range of high-risk industries, in both operational and corporate roles.

Successfully led businesses and fostered cultural change through the development of various engagement and leadership programs, implementing strategic direction along the way. Highly experienced in developing and managing risk management frameworks in heavily unionised environments including the logistics supply chain, stevedoring and maritime, mining and processing industries.

Proven ability to exercise sound judgment and political astuteness in dealing with complex and sensitive matters and a demonstrated capability to think broadly and display commercial understanding to proposed initiatives.

In his current role as a Senior Consultant with HSE Global it allows him to partner with many of Australia's leading companies to guide them and provide strategic direction to mitigate material risk and promote high performance safety culture and leadership.
